Solution of question No:- 1

- a) The equator is located in the hottest part of the earth.
- b) The hottest regions of the earth are in South Asia, North Africa and Central America.
- c) The coldest regions are ^{called} the polar regions near the North and South poles.
- d) Another name for a tropical forest is a Jungle.
- e) When we speak of vegetation, we refer to the plant growth in a particular region.
- f) Men take a great interest in vegetation because it directly related to their need for food.
- g) Rice requires a warm, mild climate and ample water during its growing season.
- h) Temperate regions are found between the polar and tropical regions.
- i) Europe is a temperate region.

j) The difference between tropical and temperate forests lies in their density and undergrowth. Tropical forests have thick undergrowth while temperate forests are more open and lack such dense vegetation.

Solution of question No:-02

a) Right.

b) Right

c) Wrong.

d) Wrong.

e) Right

f) Wrong

g) Right

h) Right.

i) Right.

j) Wrong.

Solution of question No:-03

a) Farther from.

b) higher than.

c) the most important.

d) the coldest.

e) less water than.

f) the most famous

Solution of question No:-04

a) The, an.

b) The, an.

c) a, x.

d) The, a.

e) x, x.

Solution of question No:- 5

- a) larger.
- b) brighten.
- c) heavier.
- d) necessary.
- e) lower.

- f) thicker.
- g) dry.
- h) good.
- i) valuable.
- j) edible.

Solution of question No:- 6

- a) Equal.
- b) hotter.
- c) ~~hott~~

- d) Scientific
- e) Warm.
- f) moist.

Solution of question No:- 7

Edible	more edible	the most edible
hot	hotter	the hottest
Common	commoner	the commonest
little	less	the least
Temperate	more temperate	the most temperate
wide	wider	the widest
moist	moister	the moistest
important	more important	the most important
open	more open	the most open
warm	warmer	the warmest

Solution of question No:- 8

- a) edible → inedible
- b) imaginary → real
- c) Wet → dry
- d) temperate → tropical
- e) farther → nearer

- f) suitable → unsuitable
- g) knowledge → ignorance
- h) Common → uncommon
- i) Busy → idle
- j) particular → general

Solution of question No:- 9

- a) ~~abroad~~ → wide
- b) far → ~~fast~~ distant.
- c) close → near.
- d) moist → wet.
- e) quick → fast

- f) vast → immense.
- g) rotate → overhead.
- h) tough → strong.
- i) above → area.
- j) region → revolve.

QC. 1

- (a) crash
- (b) collision
- (c) thought lessness
- (d) conduct
- (e) x
- (f) privilege
- (g) privilege
